Mememagic (MMMG) IEO

Mememagic (MMMG) commenced its token sale on June 27th at 08:00 UTC, with a primary goal of

achieving an appropriate price for the MMMG token and showcasing its real-world functionality.

"This initiative is primarily established and elected by the community for the community." The community determines the market projections, including the token's price and supply.

Every token purchase automatically triggers a burn, effectively controlling the total number of tokens in circulation. For example, in a IEO sale, if anyone purchased 100 MemeMagic (MMMG) tokens, the buyer will receive 100 Mememagic (MMMG) tokens, and at the same time, 100 Mememagic (MMMG) tokens will be sent to the burning wallet automatically. This burning process will continue until the IEO sale is completed.

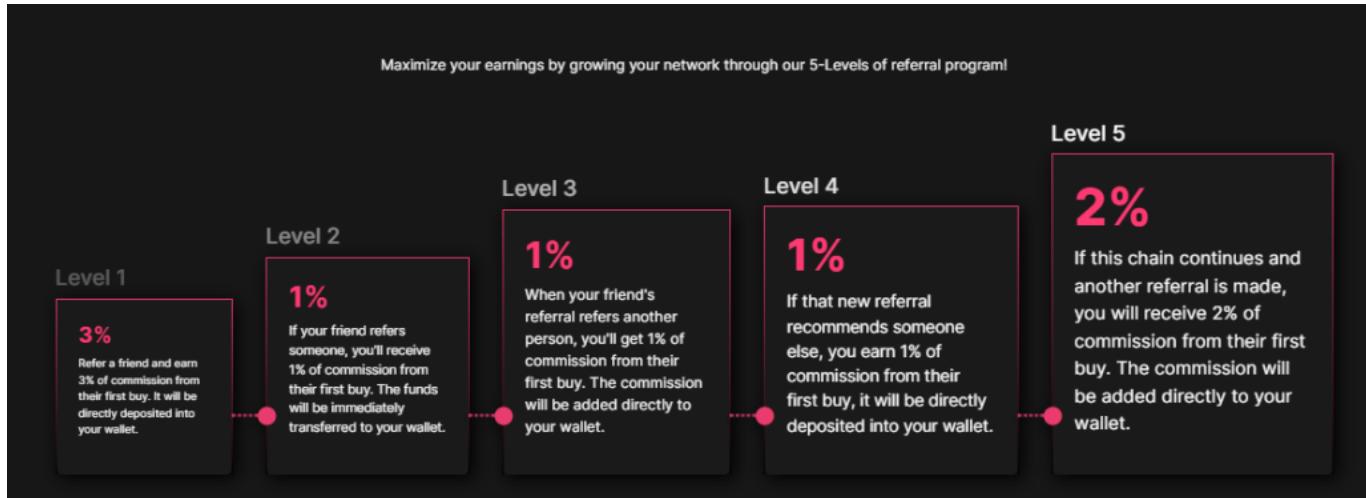

As a result, the token successfully reached over 100,000 transactions, and the price of the token increased by 2,850% in more than 24 hours without being listed on any exchanges.

The IEO sale started at \$0.0001, raising 1 million USD in the liquidity pool. At present, the IEO sale is running at \$0.00115. Everyone is capable of participating in this offer without missing out.

Mememagic (MMMG) Referral Program

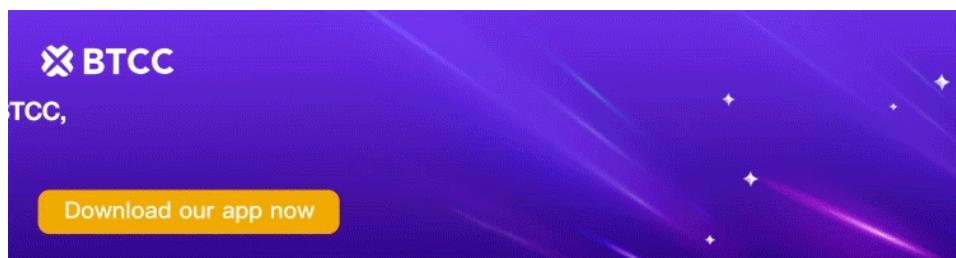

Notably, users are also able to effortlessly maximize their earnings by growing their network through the 5-Levels of referral program of Mememagic (MMMG).

By simply referring friends and expanding your network, you can earn up to 8% commission from the first purchases made through your referral chain. This commission is directly deposited into your wallet. Besides, if any user buys MMMG tokens on the Solana chain, they receive a 10% bonus, a 5% bonus on the TON chain, and a 3% bonus for all EVM chains.
